PRICE 5c COPY

DDS ANOTHER — Six months ago Mr. and Mrs. Clark Stallion were jailed in Houston, Texas, after trying to sell their 8-year-old twin sons, Tommy, left, and George, shown in photo. Now the couple have taken in a small girl who didn't have a home, as their own. The baby, 2½, is shown here in Mrs. Stallion's lap. Her own daughters, Nancy, left, 3, and Tina, 4, are of their new baby sister. — NEA Telephoto

SITS IN BREAD RACK — Governor Earl K. Long sits in a bread rack at Tularosa, New Mexico, and eats what he calls 'best meal I have had since I went to Galveston'. The governor is shown here in Mrs. Stallion's lap. Her own daughters, Nancy, left, 3, and Tina, 4, are of their new baby sister. — NEA Telephoto

RETURNS HOME — Mrs. Maralyn Chavez, 23, is returning from Albuquerque, New Mexico, to Long Branch, New Jersey, with her children Dean Robert, 5, and Deborah, 3. The ex-mother claims she had to give up her other two children, 4 and 5, because she was left destitute after her husband's death in an auto accident. Sympathetic persons raised \$1,000 to help her make the trip home. — NEA Telephoto

California Town Is Going Down — Not Down Hill or Down Town — But Just Plain Down

MPA, Calif. (AP) — This is a town going down, downhill or downtown — just plain down.
7,000 or so folks who live in a community two miles from the Mexican border figure in a hole of a fix. The

mystery began a week ago when a small crack appeared in the ground near the town's emergency airfield.
It lengthened to 75 yards Monday and became a hole 100 yards long, 5 feet deep and 3 feet wide. Continued on Page Two

Registration at L. R. Peaceful, 5 Negroes Enroll

LITTLE ROCK (AP) — A sixth Negro registered today at Central High School on the second day of bi-racial enrollment aimed at the reopening of Little Rock's four public high schools to token integration.
He identified himself as Elbert Johnson, 18.

Five Negro seniors registered yesterday at the school, where mob violence in the fall of 1957 resulted in the enforcement of integration by federal troops.

Four of the Negroes who have registered for Central High School were among the nine who integrated the school before it and other high schools were closed by Gov. Orval E. Faubus last fall.

Registration continued peacefully today. Police continued their close watch for disturbances but reported none.

No Negroes have shown up at the other white high schools, Hall and Tech Altogether, 429 seniors signed up yesterday at the three previously all-white schools and at the all-negro Horace Mann High School.

Mrs. L.C. Bates, state president of the National Assn. for the Advancement of Colored People, said she had no idea how many Negroes would seek admission to the former white schools.

A new school board moved to open the schools to limited integration when a federal court recently declared unconstitutional a law Faubus used to close the schools against integration.

Juniors were registering today, and tomorrow it will be sophomores. Friday has been set aside for enrollment of pupils of all classes who raised the first three days.

The Negroes who attended Central in 1957-58 and re-registered yesterday as seniors were Elizabeth Eckford, Melba Pattillo, Thelma Mothershead and Jefferson Thomas.

In each instance, a parent registered for the pupil, who did not show up at Central.

The fifth Negro registrant was Gloria Gant, a college senior, who has been attending the Central field house.

Supt. Terrill Powell said senior registration was "a little below" Continued on Page Two

Cost of Living Jumps to a New Record

WASHINGTON (AP) — The cost of living rose four-tenths of 1 per cent in June to a record high.

This was the largest monthly increase in 14 months.

Announcing the rise, the Labor Department said today that all major items in the living cost of city families advanced.

However, Commissioner Ewan Clague of the Bureau of Labor Statistics told newsmen the upsurge of prices was "not a sign that the index is about to take off."

He said the increase was largely seasonal, due to a sharp advance in foods, chiefly fresh fruits and vegetables.

The rise took the price index to 124.5 per cent of the 1947-49 average. This is six-tenths of 1 per cent higher than a year ago.

The increase will mean wage boosts of 1 or 2 cents an hour for about 600,000 workers whose union contracts have escalator clauses calling for periodic adjustments of wages to the cost of living.

About 200,000 men in the trucking industry and 100,000 workers in aircraft plants will receive a 2-cent hourly increase. About 230,000 electrical manufacturing workers and some employees in other industries will get boosts averaging about 1-cent an hour.

The BLS also reported that the spendable earnings of factory workers — take-home pay after deduction of income and social security taxes — reached a new record in the month.

But the purchasing power of the pay checks declined because of the rise in prices, and was slightly below the all-time records set in May.

Average take-home pay for the single man in factory employment was \$73.66 a week, BLS reported, and for the worker with three dependents it was \$91.21.

The comparable figures last month were \$73.49 and \$91.03.

By comparison with a year ago, spendable earnings were up about 8 per cent as a result of higher hourly wage rates, more overtime work, and an increase in the number of hours worked at straight time pay.

Food prices advanced 1 per cent in June, the BLS said, and this was the principal cause of the overall increase since food represents the largest single item in the average family's budget.

Oil Co. Strike at El Dorado Continues

EL DORADO, Ark. (AP) — The American Oil Co. refinery strike here entered its fourth week today with no break in sight.

Management and representatives of Local 8-434 of the Oil, Chemical and Atomic Work have said they are willing to get together in mediation talks. But neither side has pressed for negotiations.

The refinery, which processed 40,000 barrels of oil daily, has been shut down since picket lines went up July 1.

Working conditions and job classifications were cited by the union as grievances. Wages are not an issue.

Ike Says Debt Payment Ahead of Tax Reduction

By MARVIN L. ARROWSMITH

WASHINGTON (AP) — President Eisenhower said today there must be some payment on the huge national debt before any tax reduction can be justified.

The President, at a news conference, identified himself as the source of news dispatches Tuesday saying, among other things, that he sees no real hope for any tax cut during his last 18 months in office.

Eisenhower, in those news dispatches, also said the chances for any summit meeting with the Russians had grown increasingly dim.

At his meeting with reporters today the President said substantially the same thing, but added that he still does have hope for progress at the foreign ministers talks in Geneva.

William McGuffin of the Chicago Daily News called Eisenhower's attention to the series of news dispatches Tuesday which expressed Eisenhower's views on many subjects but did not name the source.

When McGuffin started to ask a question, Eisenhower interrupted and said that if McGuffin wanted to know whether he had had a group of newsmen in to dinner, the answer was yes.

McGuffin then called it a good idea because, as he put it, the procedure increased the flow of news. Eisenhower thanked him but took exception when McGuffin protested that only a chosen few newsmen had been invited.

The President called the procedure an experiment, adding he probably will do it again.

On the point of taxes, Eisenhower was asked whether he believes a reduction is impossible.

He replied that the government should start to pay off the big national debt. Estimates are, he said, that interest on the debt in the fiscal year starting a year from now will total about \$8,700,000,000.

When you have to pay out that much in interest alone, the President said, it is the better part of wisdom to start whittling the debt so a tax cut can be justified in the future.

Any payment on the debt has not yet started, he observed.

Kiwanians Hear of South of Border

"South of the border — down Mexico Way," was the topic of an address brought to the Hope Kiwanis club Tuesday by Joe Jones, who lived at Brownsville, Texas three years prior to his return to Hope to establish Joe's City Bakery.

Mr. Jones told the Kiwanians of the habits, customs, mannerisms, religious beliefs, superstitions, and other facts concerning the Mexican race.

Guests of the club: Carlisle P. Roberts, Howard Chandler, Lloyd Tarpley, W. E. Tarpley, Tommy Frazier, Bob Ward, Percy Purifoy, and Kenneth Johnson.

President Kelly appointed a committee of Kiwanians to work with the Hope Chamber of Commerce in helping to promote "Chicken Week" in Hope. The committee: Ed Thrash, Emory Thompson, Herbert Burns, Dale Dunn, Henry Seamans and Leonard Ellis.

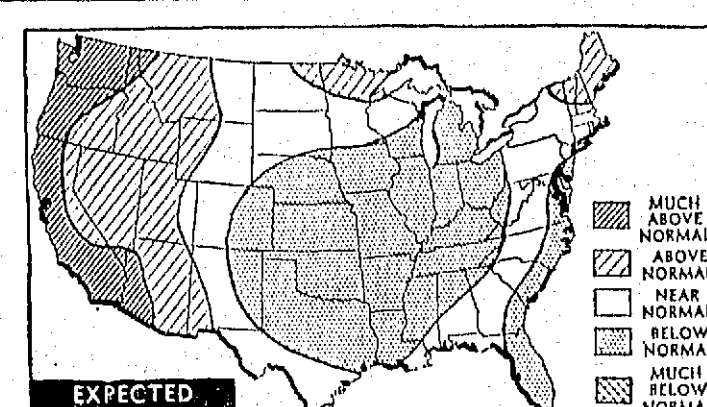

Falcon C of C Meet Starts on Sunday

The Falcon Church of Christ meeting will start July 26 and continue through August 2. S. R. Timmon will deliver the messages at 8 p. m. each night and at 11 a. m. on Sunday.

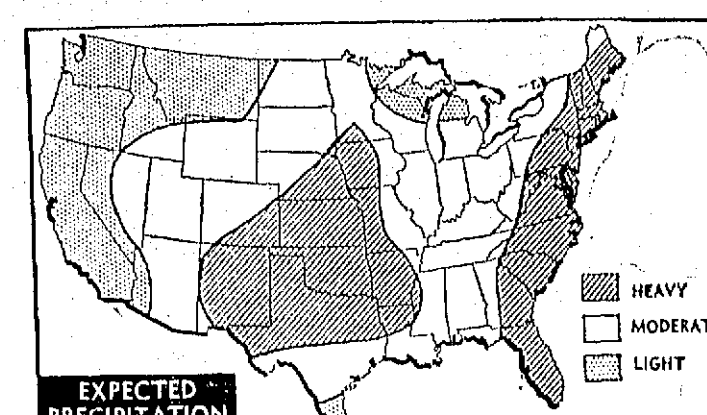

Patmos Baptists Plan Revival

Revival services will start Sunday, July 26, at the Patmos Baptist Church with the Rev. Hollis (Skip) Dillard doing the preaching. Services will be held nightly at 7:30 o'clock.

U.S. Charges Russia Trying to Hold Berlin for Ransom Purposes

EXPECTED TEMPERATURES
Temperature outlook for mid-July to mid-August indicates hot weather along the Pacific seaboard, and warm in New England.

EXPECTED PRECIPITATION
Lots of rain is anticipated along the East Coast and in the southern half of the Great Plains for mid-July to mid-August.

Herter Makes Accusation at Critical Meet

GENEVA (AP) — The United States today accused Russia of trying to hold West Berlin for ransom and declared the West will not become an "unwilling accomplice in this deal."

U.S. Secretary of State Christian A. Herter made this accusation in a crucial Big Four conference session after Andrei Gromyko had once more rejected a Western effort to get him to cut his price for a truce in the Berlin crisis.

Gromyko said the Western proposal for continuing the big power conference during the period of a Berlin truce is not a basis for negotiation.

He renewed an assurance that the Soviet Union would not take singlehanded action against West Berlin during the truce or during subsequent negotiations which the great powers might hold on the future of Germany.

But this fell short of what the West has demanded — a guarantee for West Berlin until Germany is reunified.

Herter's ransom charge was made in an unusually sharp speech. It was based on his argument that Russia wants the West to agree to a system of negotiation on Germany's future which would leave it free to crack down on West Berlin if it failed to get the kind of German settlement it wants.

Gromyko has proposed an 18- Continued on Page Three

Woman Found Guilty of False Pretense

HOPE (AP) — A jury found a woman guilty of false pretense and Judge Lyle Brown set the sentencing for August 27. The jury also recommended the sentence be suspended or mercy be shown.

James T. McTigitt, charged with reckless driving, case dismissed on motion of prosecution and defendant to pay costs.

Barry L. Wright, pleaded guilty to involuntary manslaughter, and will be sentenced on Sept. 28. Wright was involved in an auto accident several weeks ago in which T. H. Thompson suffered injuries that proved fatal.

Freeman Prater, charged with carnal abuse, charged reduced to contributing to the delinquency of a minor, fined \$100 and costs.

Floyd Wright, charged with assault, reduced to assault and battery, fined \$100 and costs.

The Court was recessed by Judge Brown Wednesday but will reconvene Thursday to take up the case of State vs. James Richardson.

Bell's Chapel Meet to Start Thursday

A revival campaign will begin at the Bell's Chapel Church of the Nazarene, two miles east of Blovin on Highway No. 24, Thursday, July 23 and continue through Sunday, August 2nd.

The evangelist is the Rev. Carl Prentice, pastor of the First Church of the Nazarene, El Dorado. Services will begin each night at 7:30, Sunday School at 10 a. m. with worship service at 11 a. m. each Sunday.

The pastor, the Rev. R. M. (Bud) Prentice, who is the youngest son of the evangelist, invites the public to attend these services. There will be special singing and praise service each evening.

Labor Chief Enters Steel Strike Picture

WASHINGTON (AP) — Congress sent to the White House today a \$3,556,200,000 foreign aid bill trimmed \$353,200,000 below President Eisenhower's requests.

NEW YORK (AP) — Secretary of Labor James P. Mitchell has entered the week-old steel strike.

He will act as fact-finder for President Eisenhower, who reportedly is reluctant to intervene in the process of collective bargaining.

Mitchell's move is without precedent. He said he knows of no other secretary of labor who has acted in a similar manner.

It is expected that the White House will use the information he provides as a basis for deciding whether to invoke the national emergency provisions of the Taft-Hartley Act.

Under Taft-Hartley, the federal government could issue an 80-day antistrike injunction if necessary. But it was felt this would do little at this time.

Both sides appear to be dug in for a long struggle. Eisenhower reportedly feels that the 80-day cooling-off period would not change their positions although he has not ruled out the possibility of invoking Taft-Hartley.

ELLISVILLE, Mo. (AP) — The walls of a 16-foot sewer ditch collapsed and buried a 26-year-old Pacific, Mo. laborer alive Tuesday. Two fellow workers escaped.

Edward D. Heaston was killed. Authorities estimated two tons of dirt cascaded down on him. Rescue workers dug through to Heaston in an hour, but they were too late.

Bids Taken on Saratoga, Columbus Road

LITTLE ROCK (AP) — The Arkansas Highway Commission today programmed an estimated \$5,800,000 worth of jobs, including an \$830,000 project for widening of 11 miles of Highway 71 between Texarkana and Fouke.

Another big job placed on the agenda is resurfacing of Highway 65 through and near Harrison for a distance of about five miles at an estimated cost of \$720,000.

Other programmed jobs include: Seven miles of bridges and surfacing on Highway 1 between Dewart and La Grue Bryon, estimated cost of \$650,000.

Resurfacing of six miles of Highway 7 and widening of bridges from Union County line toward Ellett in Ouachita County, \$270,000.

Two major interstate highway projects were among the projects.

E. E. Barber Construction Co. of Fort Smith submitted an apparent low bid of \$1,153,327 on a job involving construction of an approach and extension to the Third Arkansas River Bridge at North Little Rock.

Pioneer Contracting Co., of Memphis, submitted an apparent low bid of \$1,555,544 on the second interstate project — construction of 7.93 miles of bridge, ramp and frontage road on Interstate Route.

Other jobs, by county, and apparent low bidders included:

Carroll — Seven miles of surfacing and three bridges on the Huntsville-Berryville Road, state Highway 21; Forsgren Bros. of Fort Smith, \$399,354.

Clark — 4.9 miles of surfacing on the Arkadelphia-John Road, state Highway 51; Freshour Corp. of Sweet Home, \$97,585.

Corporations Are Showing Some Gains

By SAM DAWSON
AP Business News Analyst

NEW YORK (AP)—Four out of five corporations reporting net income after taxes in the first six months of 1959, in many cases 1959's first half set a record.

For the first 250 companies to report, the overall increase is 37.3 per cent. Many industrial firms have yet to report— including the steel, oil and motor — and the final figures may show the overall gains even higher. In the first quarter of 1959 the year-to-date gain was 34 per cent.

The big increase in profits is due largely to the effect in sales over the recession months of 1958. But other factors enter in. One is that many companies cut costs during the recession, eliminating unnecessary overhead and saving habits. Another is that many of the companies have started up production in the more efficient plants built in recent years and begun to use the new and better equipment installed—much of it of the labor saving variety.

Some observers think the year-to-date gains in profits may be less pronounced from now on. They note that the output of new plants and ordering of new equipment slowed down a year or more ago, so that the boost to earnings from this source will be less for a while.

Also production schedules today call for much overtime work—an expense that was missing during recession days with which many companies' profits will be compared.

And that big enigma—how low a steel strike—casts a shadow over all predictions.

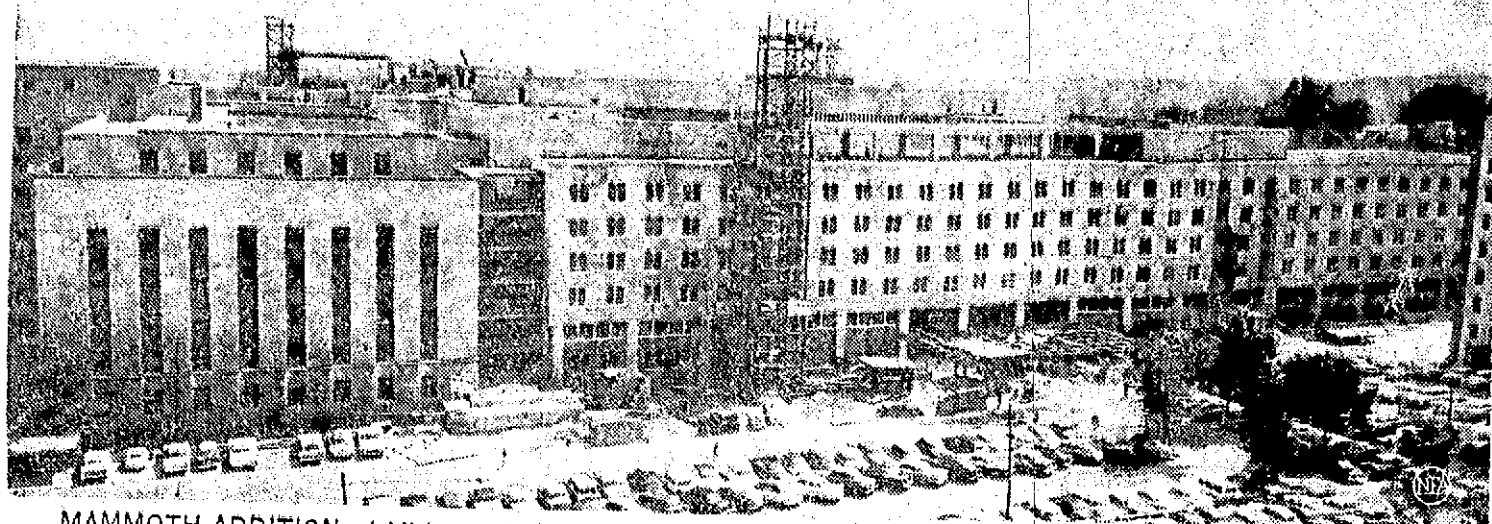

Of the 250 companies to report so far, only 55 had less profits than in 1958's first half. Both years, as always, there were some companies operating at a loss—12 this year against 19 the year before.

Gov. Earl Warren has reported so far, but the Assn. of American Railroads estimates net income for the first five months at \$231 million dollars, compared with \$230 million the year before.

Some industries have made striking gains. In the chemicals, Du Pont reports first half earnings up 49 per cent. Union Carbide had an 81 per cent increase. Monsanto 102 per cent, and Allied Chemical and American Cyanamid doubled theirs.

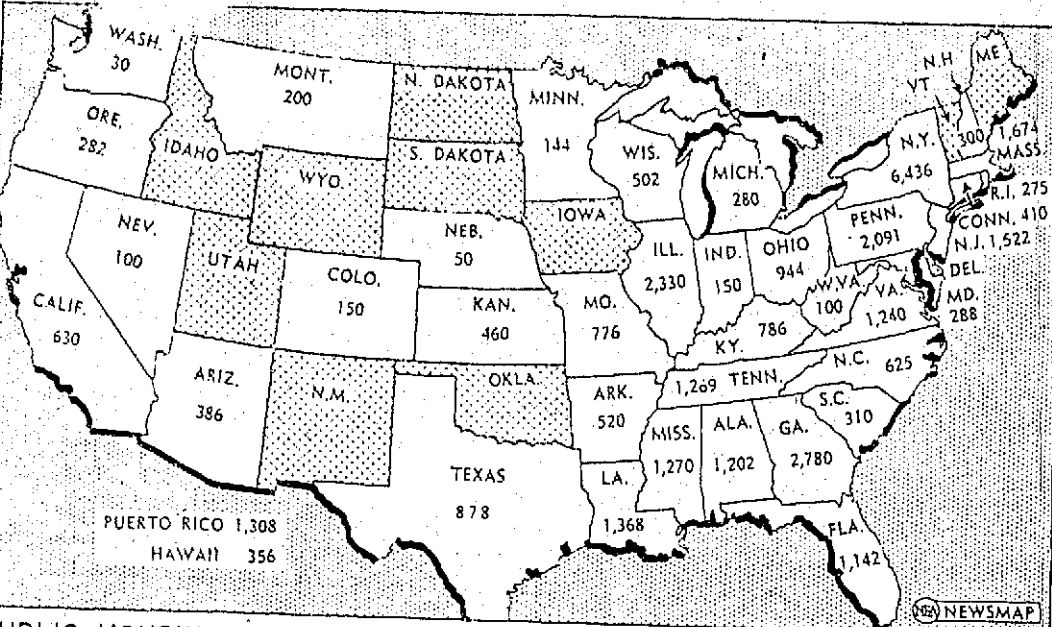

International Business Machines earnings were up 20 per cent. J. C. Penney reported profits up 50 per cent.

Whatever the summer may bring, the year so far has been good to most businesses.

MAMMOTH ADDITION—Addition to the State Department Building in Washington, right, is three times the size of the present building, left. The completed headquarters will be second in size only to the Pentagon in the nation's capital.

Eight stories high, it will feature an auditorium seating 1,000 and basement parking for 800 cars. It will provide for 8,000 employees and enable the State Department to gather under one roof all its workers who are now in 29 separate buildings.

PUBLIC HOUSING PICTURE—Newsmap shows breakdown by participating states and Puerto Rico for contracts for financial assistance between the Public Housing Administration and 294 local housing authorities which were entered into during the 11-month period ending June 30, 1959. Of the total 35,564 units, 564 were left from 1958 remaining from the total of 45,000 authorized in 1955 and unused at that time. The balance of 35,000 were all that could be written under the last contractual authorization received from Congress and which expired June 30, 1959.

with 75 million the year before. Some industries have made striking gains. In the chemicals, Du Pont reports first half earnings up 49 per cent. Union Carbide had an 81 per cent increase. Monsanto 102 per cent, and Allied Chemical and American Cyanamid doubled theirs.

International Business Machines earnings were up 20 per cent. J. C. Penney reported profits up 50 per cent.

Whatever the summer may bring, the year so far has been good to most businesses.

A California

Continued from Page One

Tuesday. It all but swallowed a tractor cutting across a field. A tow truck had to haul it out.

When rancher Hank Ketchum recovered his tractor, he noticed that water from his irrigation ditch was vanishing down two nearby holes. He had to dam up his irrigation ditch.

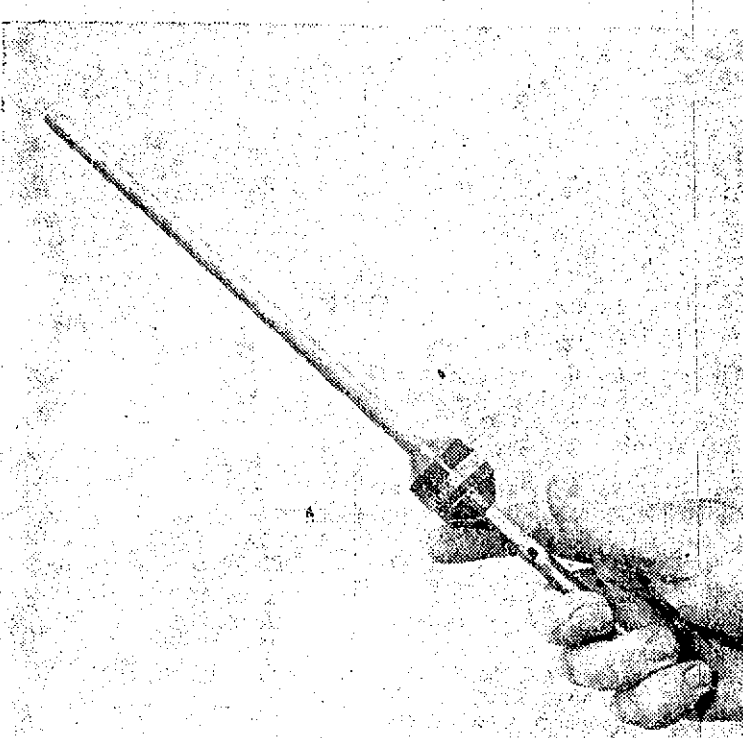

A 17-year-old girl who went to look at it was buried up to her knees when the ground gave way beneath her. She was pulled out unharmed.

Geologist Don Weaver has an explanation.

Jacumba is about 150 feet above an ancient lava shelf. Runoff water from a nearby Mexican mountain range has caused subterranean erosion. The result: the shelf is caving in and the earth is settling. There were cloudbursts and flash floods here two weeks ago. Weaver says the earth settling could continue for a week, 10 days or longer.

Hawaii Wants 2nd Statue of Liberty

HONOLULU (AP)—A candidate for one of Hawaii's two U. S. Senate seats suggests a second Statue of Liberty be built at the entrance of Honolulu Harbor. Republican territorial Sen. Wilfred C. Tsukiyama, 62, while dean of Hawaii legislators of Japanese ancestry, made the suggestion at a political rally Tuesday.

SUBMINIATURE RADIO—This wandlike object is a tubeless, transistor miniature radio communication transmitter. The tiny experimental GE device measures less than an inch in any direction. Protruding from radio is an antenna and handle.

Prescott News

Kiwanis Has Musical Program
Kiwanis weekly dinner meeting was held at Lawson Hotel Thursday 6:15 p. m. Thirty-one present. Visitors, L. J. Bryson, Prescott.

Tom Watson White, Program Chairman, introduced the Prescott Trio, Mrs. Tip White, Mrs. Tom White and Mrs. George N. Cox, accompanist Miss Martha Grimes. They rendered several sacred numbers assisted by Tom Watson White. This week will be Ladies Night and Forest Queen will be judged by out of town judges 6:30 p. m.

Miss Purdie Returns From National FHA Convention
Miss Jane Purdie, president.

select of the Prescott Chapter Future Homemakers, returned Saturday from Chicago, Illinois where she attended the National Convention of Future Homemakers of America held at the Conrad Hilton Hotel. Twenty seven young people and twelve adults attended the convention and went by bus from Little Rock.

Miss Purdie participated on the convention program and served as a recorder at a study group meeting. She was one of eleven girls that gave a folklore presentation. Miss Purdie, daughter of Mr. and Mrs. Homer Purdie, has been active in the local Federation and State FHA activities. She has served as president of Federation XVI and was on the State FHA Executive Council this year. She received her State Homemaker Degree of Achievement and participated in a pageant on the program at the State FHA Convention held in March in Little Rock. In June she attended the State FHA Leadership Conference and served on the reviewing committee for the selection of state officers.

Cay Block Lions Club Speaker
President Olen Hendrix presided at the weekly meeting of the Lions Club held on Thursday noon at the Lee Hotel and conducted the business session. Mr. Hendrix introduced the guest speaker, Cay Block, superintendent of the construction at the Sargis factory at Emmet. He gave a talk on the Ark-La. Ghost Town. He stated that the snack bar would have the largest air conditioner in this part of the world and that soft drinks would be served. He said that any relics to be brought for the museum. Another room has been added to the original plans to be used for the staff of horse collars. There were 12 members and 2 guests. Dr. A. W. Hudson and Cay Block present.

Mr. and Mrs. Floyd Caldwell and Mrs. Wade Cummings of Stuttgart were guests of Mr. and Mrs. Alfred Cummings. Saturday night

Mr. Mildred Dawson returned

Registration at

Continued from Page One

average" but this was expected because registration was so early. School is scheduled to open Sept. 8.

Registration by Negroes at once-white schools does not mean they will be permitted to attend there. After registration is complete, the school board will invoke Arkansas' pupil placement law to assign students to the various schools. The law gives the board authority to determine student placement on a number of factors, but race is not one of these. Even as seniors signed up for public schools, two private schools which enrolled about 400 students last year announced they had no plans to operate this fall.

Baptist High, which had 365 students, and Trinity Interim Academy, which had 27, went out of business, leaving Raney High, a segregationist-backed institution, the only private, segregated school in the city. Raney had about 450 students last year and has enrolled about 800 for next term.

Both Baptist and Trinity were organized only to take care of students left without schools when Gov. Orval E. Faubus shut the public schools last fall. Raney's backers consider it a permanent facility for resisting court-ordered integration.

LITTLE ROCK, Ark. (AP)—Registration—under police surveillance—continues today at Little Rock's four high schools where 11th grade students were scheduled to sign up for classes this fall.

Officers watched Tuesday as 429 seniors registered peacefully in schools which were closed against integration last year. Included in this group were five Negroes who expressed a desire to attend Central High, once an all-white school. No Negroes attempted to enroll in Hall or Tech, the two other white schools.

Four of the five were among nine Negroes who attended Central under protection of federal troops during the 1957-58 term. Police said there were no disturbances.

Registration by Negroes at once-white schools does not mean they will be permitted to attend there. After registration is complete, the school board will invoke Arkansas' pupil placement law to assign students to the various schools.

Aged Man Follows Wife to Death

HOT SPRINGS, Ark. (AP)—Ernest Nichols, 77, suffered a heart attack and died here yesterday within two hours after learning that his wife had died at their rural home near here. Mrs. Sarah Nichols, 69, died about 10:30 a. m., her husband about 1 p. m.

Nichols had been staying at the home of a sister here because of a heart condition.

Mr. and Mrs. Jack Robey and Guss are the guests of her parents in Eton, Ohio.

Mrs. Marion Rouse and granddaughter, Karen Ann Rouse, returned from Hot Springs Friday where they have been vacationing.

Mrs. George Haynie of Little Rock was a Friday visitor in Prescott.

Friends of Mrs. Dan Putman will regret that she is a patient in Cura Donnell Hospital.

Friends will be glad to know that the condition of Carol Jane Lusby, daughter of Mr. and Mrs. Howard Lusby and granddaughter of Mrs. Fannie Newth is reported satisfactory following major surgery at Baptist Hospital in Little Rock.

No Nagging Backache Means a Good Night's Sleep

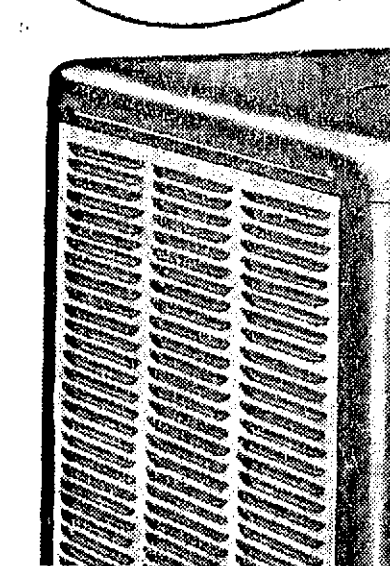

Nagging backache, headache, or muscular aches and pains may come on with over-exertion, emotional stress or day to day stress and strain. And folks who out and drink excessively sometimes suffer mild bladder irritations, with that restless, uncomfortable feeling. If you are miserable and worn out because of these discomforts, Dean's Pills often help by their pain relieving action, by their soothing effect to ease bladder irritation, and by their mild diuretic action through the kidneys—tending to increase the output of the 15 miles of kidney tubes. So if nagging backache makes you feel dragged-out, miserable, with restless, sleepless nights, don't wait, try Dean's Pills, get the same happy relief millions have enjoyed for over 60 years. Ask for new, large, economy size and save money. Get Dean's Pills today!

News Briefs

WASHINGTON (AP)—The body of Steel Adm. William D. Leahy, wartime chief of staff to President Franklin D. Roosevelt, will be placed in repose at Washington National Cathedral at noon Wednesday.

Leahy died of a brain hemorrhage Monday at the Naval Medical Center in suburban Bethesda, Md. He was 84.

His body will lie in repose at the cathedral for 24 hours. Burial will be at Arlington National Cemetery Thursday afternoon.

WASHINGTON (AP) — Machinery for replacing Congress, in event it is wiped out by an atom bomb or other disaster, is proposed by the Senate Judiciary Committee.

Under the proposal, in the form of a suggested constitutional amendment, state governors would be authorized to fill vacancies in the House when disaster wiped out more than half of its members.

JAMESTOWN, N.Y. (AP)—It's legal to dance the bunny lug and the shimmy here now. The City Council Monday night revoked a ban adopted in the jazz-crazed 1920s.

NEW YORK (AP)—Jose Lopez, 25, was back in jail today after seven hours of undeserved freedom. Officials at the city prison finally heeded the anguished protests of another Jose Lopez, 41, no relation, for whom bail had been posted. Both men had been arrested on narcotics charges.

HARTFORD, Conn. (AP) — A factory worker, playing policeman, stopped a car on the Merritt Parkway Monday night and charged the driver with speeding. The driver heads the state police racket squad.

"You're was the first Connecticut car I stopped," Camillo J. Spina told Lt. Samuel Rome of the state police. "I guess I made a mistake."

A mistake it was. Spina, 47, was arrested for impersonating an officer and carrying a concealed weapon.

LOS ANGELES (AP) — North American Aviation is developing two planes for the Air Force that will fly more than 2,000 miles an hour at 70,000 feet.

The highly secret planes are the B70 Valkyrie bomber and the F108 Rapier interceptor, both powered with jet engines.

Mississippi county led in the production of soy beans in Arkansas in 1958 with more than eight million acres and averaging over 27 bushels per acre.

With Fist and Gun

The Trinity Hills was a sanctuary for wanted men and Grady Haskell, a deputy sheriff, was searching for a killer. He found that a man wearing a star couldn't pick up much information. Also, that his life was in danger. With gun and fist he found out what he wanted to know. Read,

HOPE STAR

EXPLORING EARTH'S LAST GREAT FRONTIER—Navy officials say that the bathyscaphe Trieste is the forerunner to undersea devices that will take man to the ends of the earth's last great frontier. Swiss scientist Auguste Piccard, 73, center, who designed the vessel, discusses operations off San Diego, Calif., with his son, Jacques, right, and Dr. Andreas B. Reimnitz, oceanographer in charge of the operation. Young Piccard has been piloting the Trieste to 4,000 feet below the surface in dives which may lead to others four miles down.

RAILWAY-CAR LAUNCHING—From its launching car, tomorrow's 5,500-mile Minuteman might be fired from almost any point along 389,000 miles of railway track in the United States. The special launching car has been designed by Bethlehem Steel and Paul Hardeman, Inc. Hydraulic jacks, shown in this sketch, push steel beams down over ties to stabilize the car.

CAPITAL INVESTMENT—This architect's sketch shows how a notorious slum area in the nation's capital, Dixon Court, is being transformed into what is called one of the most modern urban areas in the country. Apartments, town houses and parks are appearing where once stood crowded tenements. The dome of the Capitol is visible in the background. The reconstruction project is well underway and will be completed in 1960.

HE'S NOT PLUGGING A DIKE—Harry French's position, left, may be reminiscent of the little Dutch boy who saved the village by plugging the dike, but Harry isn't serving his community of Dayton, Ohio. The 11-year-old stuck his arm in a drain pipe while hunting a chipmunk family. He couldn't get it unstuck. So firemen hammer away at the wall, right, while Harry wears a helmet to avoid dust and flying chips.

she isn't in danger." Blanchard shook his head wearily. "Dear Mrs. Paige," he said. "I was sure we were at the end of all this. I agree with only about one item you just spoke of. Your experience with drugs. They must have administered a great amount of them to you. I've taken the trouble to check on it, Mrs. Paige. I know the state of your mental condition, what it has been, and what it is now."

"I expected you to say this, Mr. Blanchard."

He smiled at her condescendingly. "Mrs. Paige, I hold no resentment. I'm only trying to help you. That's why I agreed to sell the cottage. That's why I closed the deal with your husband so quickly. Mr. Paige told me it would help you, in the state of mind you're in."

"My husband knows very well that I'm no longer in need of help of that nature," Diane said. She drew a deep breath. "In one minute, Mr. Blanchard, I'll walk out of here and contact the state police."

Blanchard shrugged. "You may use my telephone," he said.

"Thank you, I'll do that now."

Diane moved toward the telephone which was on a stand in the hallway near the door.

"Wait, Mrs. Paige," said Blanchard quickly.

Diane halted and turned her head.

"Yes?"

She reached for the phone as she spoke.

"Just a moment, Mrs. Paige," he said again. "Wait, before you make an utter fool of yourself—before you render yourself liable to being held for psychiatric examination."

Diane Paige's hand remained extended toward the telephone and there was a determined and defiant look in her eyes as she looked at Blanchard.

"I'll take the chance that you'll have me held for a psychiatric examination, Mr. Blanchard."

"My dear woman," he went on, "nobody believes you. No one puts a bit of faith in one word you say. Not one word."

"I'm sure you're wrong about that."

Blanchard was growing impatient. "Can't you see, Mrs. Paige? You're being humored. Your mind is in a delicate state of balance. It would take very little to push you over the edge. That's why people pretend to believe you. You've been there before. You know what it's like. No one wants to see you have another breakdown."

Diane's contempt shone as supremely as her confidence. "You may take me to the little girl now. Without another word, Mr. Blanchard. Otherwise, I'll call the police. Take me to her, Mr. Blanchard."

Blanchard gestured disparagingly. "Our own husband plies you. He babies you. Agrees with everything you say. He pleaded with me to sell him the cottage. Why, he even telephoned your psychiatrist from this house while I listened. Mr. Paige wanted to get the doctor's agreement to your living here, even under the

READY FOR PLANTING—Testing uranium ore with a geiger counter, secretary Helen McCord plays rock gardener at the American Society for Metals, Cleveland, Ohio. The uranium is one of hundreds of specimens forming a novel "mineral garden" at the society's new offices.

conditions of seeing little girls last she had him on the defense who don't exist. Little girls who live are nothing but — but creatures of your mind."

Diane's arm came away from the telephone and dropped to her side. Nothing that Blanchard had said had shaken her confidence, and she went on, sensing that at

"ALWAYS OPEN"

and WHAT A PLEASANT SURPRISE --

Perhaps you've looked all over town for a particular item — just the right car, or that particular "dream house" or one of a thousand things — and then you found it in the CLASSIFIED ADS

What a pleasant surprise to find how effectively classified advertising gets results for the buyer or seller, seeker or hunter! It's truly amazing how such "little" ads get such "BIG" results at such a moderate cost. No other medium reaches so many people, so quickly. If you have something to sell, or are looking to buy or have something you want to include in the community's biggest market-place, PUT IT into the WANT ADS!
